

Serial No. 10/043 572 - Page 2

Amendments to the Specification

IN THE WRITTEN DESCRIPTION

Please add the following new paragraph after the paragraph ending on line 9 of page 2 of the substitute specification:

The claimed variety differs from its parent, 'Suncling, in that: (1) Its ground skin color is cream-yellow (RHS 10) with dark red punctuation (RHS 480) coloring on approximately 75% of the fruit surface, whereas the skin color of 'Suncling is golden with some blush when exposed to sun. (2) The stone of the claimed variety is a semi-freestone whereas the stone of 'Suncling is a non-melting cling stone.

Please delete the paragraph at page 6, line 13 which reads: "Petiole. Commonly approximately 0.13 inch in length."

Please replace Table 1 on page 14, with the following rewritten Table 1:
